

Home Page

This is the Home Page where Reader and Admin both can read the blogs

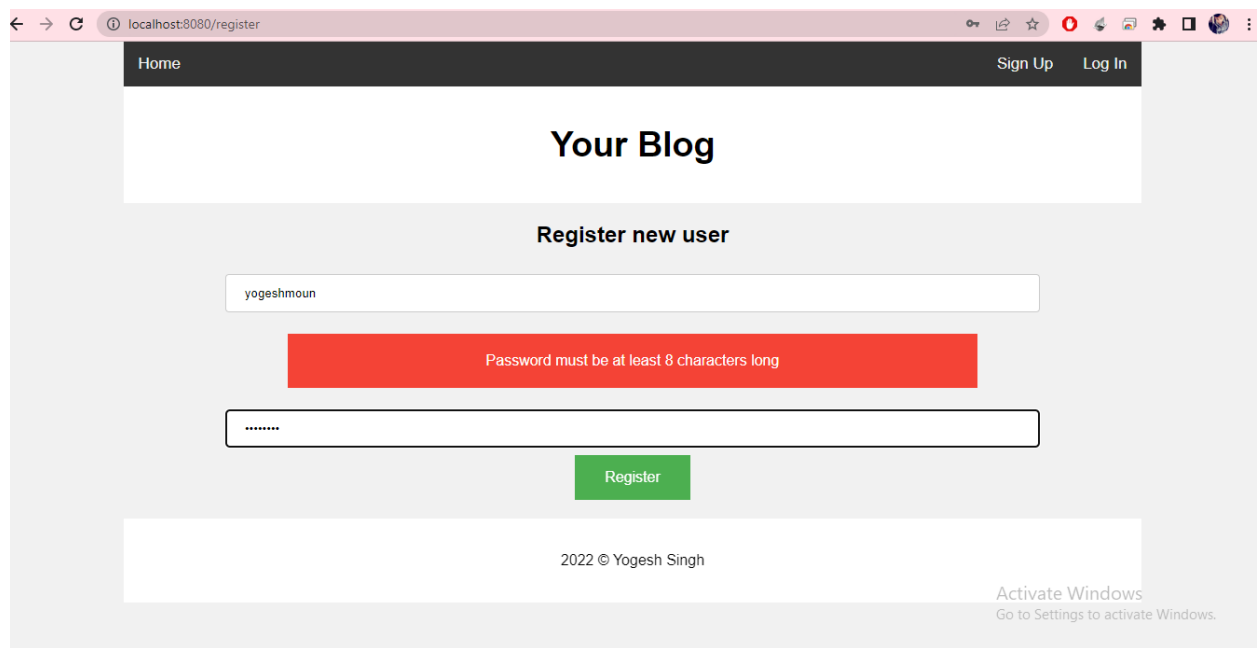

SignUp Page

User can register themselves with username and password

Registration requirements

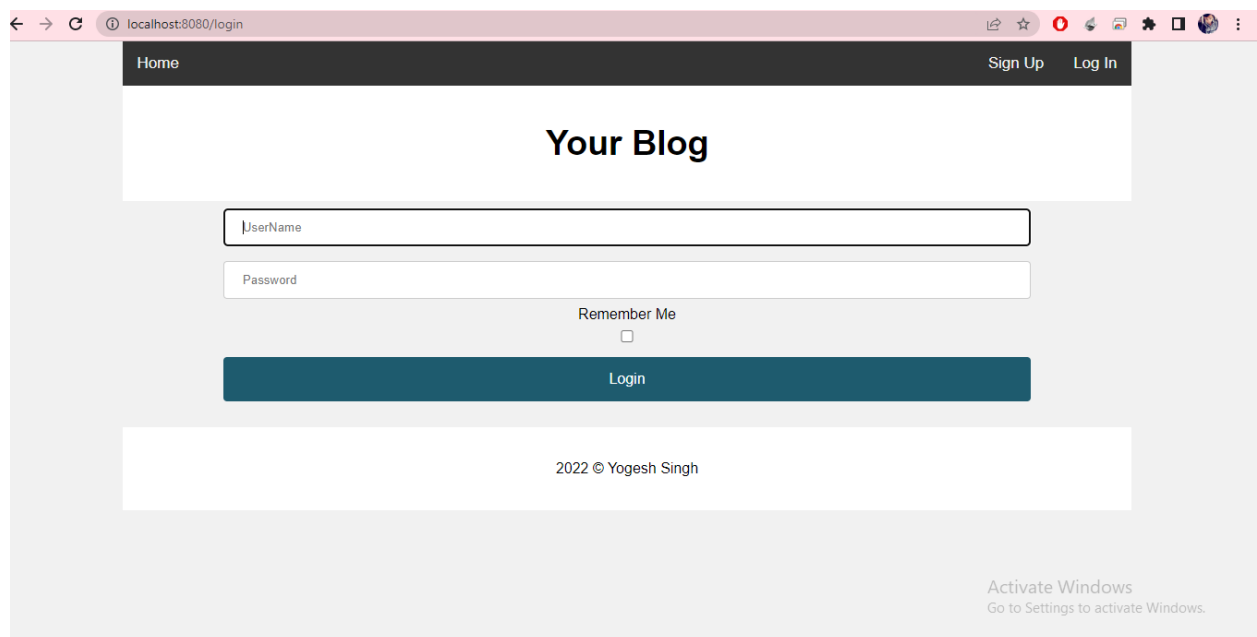

Password should be more than 8 characters

The screenshot shows a web browser window with the address bar displaying 'localhost:8080/register'. The page has a dark header with 'Home' on the left and 'Sign Up' and 'Log In' on the right. The main content area has a white background with the title 'Your Blog' in bold. Below the title is the heading 'Register new user'. There are two input fields: the first contains the text 'yogeshmoun', and the second is a password field with masked characters '*****'. A red error message box is positioned between the two fields, stating 'Password must be at least 8 characters long'. Below the password field is a green 'Register' button. At the bottom of the page, there is a footer with '2022 © Yogesh Singh' and a Windows activation watermark that says 'Activate Windows Go to Settings to activate Windows.'

Login Page

Registered user can Login only

The screenshot shows a web browser window with the address bar displaying 'localhost:8080/login'. The page has a dark header with 'Home' on the left and 'Sign Up' and 'Log In' on the right. The main content area has a white background with the title 'Your Blog' in bold. Below the title are two input fields: the first is labeled 'UserName' and the second is labeled 'Password'. Below the password field is a 'Remember Me' checkbox, which is currently unchecked. Below the checkbox is a dark blue 'Login' button. At the bottom of the page, there is a footer with '2022 © Yogesh Singh' and a Windows activation watermark that says 'Activate Windows Go to Settings to activate Windows.'

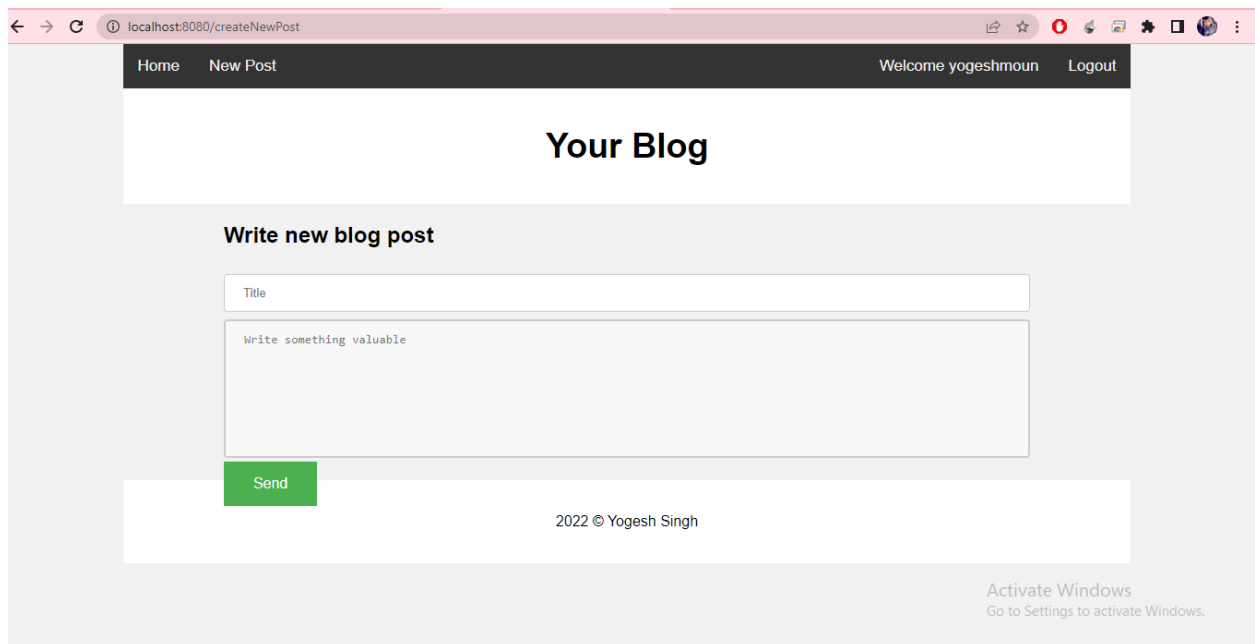

After Login
